What's your heartbeat for church and community?

Community service hours report form 2023-2024

Ninth through twelfth graders are required to complete eight service hours per year. All service hours must be community based.

Please check the student handbook for a full explanation and examples.

We are allowing any volunteer service you do at your church to count as BEAT hours as well.

These BEAT hours must be completed by May 1, 2024.

You can turn your completed form in anytime during the school year to your homeroom teacher,
who will enter those hours into RENWEB.

Final report cards and transcripts will be held until hours are completed.
Keep up with your hours and answer the questions on the back of this form.
